ICE – Innovation, Collaboration, and Expansion

Our forward-looking corrugated packaging industry thrives on innovation, and Uttar Pradesh is at the forefront of embracing sustainable, efficient, and modern solutions. Through CORRUPACK, the flagship exhibition of the conference, global and Indian stakeholders will have the opportunity to showcase cutting-edge machinery, eco-friendly materials, and state-of-the-art packaging solutions, demonstrating how innovation drives efficiency, sustainability, and growth.

Collaboration is a crucial pillar of success, and Uttar Pradesh exemplifies this spirit through its strong synergy between industries, associations, and the government. The state government has been instrumental in creating an environment conducive to growth. UPCBMA's extensive network fosters unity among corrugators, while CORRUPACK provides a platform to connect global investors, buyers, and manufacturers under one roof, strengthening India's position in the global market.
